

(Verse 1)

Cruisin' down the boulevard, windows down low, Downtown lights glitter, neon glow, Switchin' lanes, feelin' like a king, Hittin' up the town, let the night begin.

(Chorus)

We rollin', we strollin', through the city lights, With the crew by my side, it's a hell of a night, From the clubs to the bars, we never slow, Mac Dre vibes, pimpin' on the go.

(Verse 2)

Got my eyes on the prize, yeah, we on the move, Every block we hit up, got somethin' to prove, Stacks in my pocket, girls on my mind, Livin' life fast, never lookin' behind.

(Bridge)

Late night drives, nothin' but vibes, Music blastin', feelin' so alive, With the ladies in the back, poppin' champagne, Mac Dre legacy, in the rap game we reign.

(Chorus)

We rollin', we strollin', through the city lights, With the crew by my side, it's a hell of a night, From the clubs to the bars, we never slow, Mac Dre vibes, pimpin' on the go.
